Witnessing the power of nature: Artists and their artworks of Mount Merapi, Java, during the colonial period
- 11:00 Alan Darmawan
The making of 'traditional art': Museum and library collections on *mak yong* theatre in Indonesia and the Netherlands

Caption

This webinar foregrounds and promotes the study of little-known archival collections of languages, cultures and histories of Indonesia and Southeast Asia more broadly. The presentations complement each other in raising the profile of these collections and disseminating scholarship inspired by them. They also aim to strengthen the ties between institutions and researchers in places where sparsely known heritage collections are held. What can we learn from such library and archival collections? How can they be approached in present-day research? The language of presentation is English, but questions can also be asked in Indonesian and Dutch.

Webinar "Forgotten Collections: Exploring Southeast Asian archives" membahas studi tentang koleksi arsip bahasa, budaya, dan sejarah Indonesia dan Asia Tenggara yang masih kurang dikenal secara meluas. Dalam webinar ini koleksi-koleksi yang ada masing-masing dikaji, dan hasil pencermatan itu diharapkan dapat menumbuhkan minat dan inspirasi penelitian lebih lanjut.

Kami ingin mempromosikan koleksi naskah, audio, dan juga audiovisual, baik yang masih belum digali dan tersentuh perhatian umum maupun terlupakan, sehingga aneka sumber

utama dengan informasi berharga tentang warisan sosial-budaya Indonesia ini bisa lebih terbuka untuk dapat diakses, dipelajari, dan dimanfaatkan.

Oleh karena itu, The Library Committee KITLV/Leiden University Libraries bersama KITLV-Jakarta mengundang para peneliti, civitas academica, dan khalayak pemerhati untuk berpartisipasi pada webinar ini.
